# IEEE PES GTD ASIA 2025

## Grand International Generation, Transmission & Distribution Conference and Exposition Asia

QSNCC was originally built in 1991. In 2019, the company was granted the concession to rebuild the center and to continue its management. The new QSNCC will become Thailand's most state-of-the-art, purpose-built facility for business events. The venue comprises several multi-purpose spaces from large major exhibition halls to plenary halls, ballrooms and breakout meeting rooms. Ample foyer space with natural light can be one of the event options for different type of activities.

Other facilities such as restaurants, food court, convenience stores, banks, courier and post office, mobile service etc. are some examples of what will be available in the center. At the intersection of innovative architecture, sustainable design and integrated functionality, the new center will showcase beautiful representations of Thai art and culture.

### Event Spaces and Facilities

- Daylight Atrium on LG level
- Column-free Exhibition Halls
- 4 Ballrooms and 4 Plenary Halls with lake and park panorama view
- More than 50 breakout rooms
- Active Lifestyle Retail with varieties of retails stores, restaurants and food court

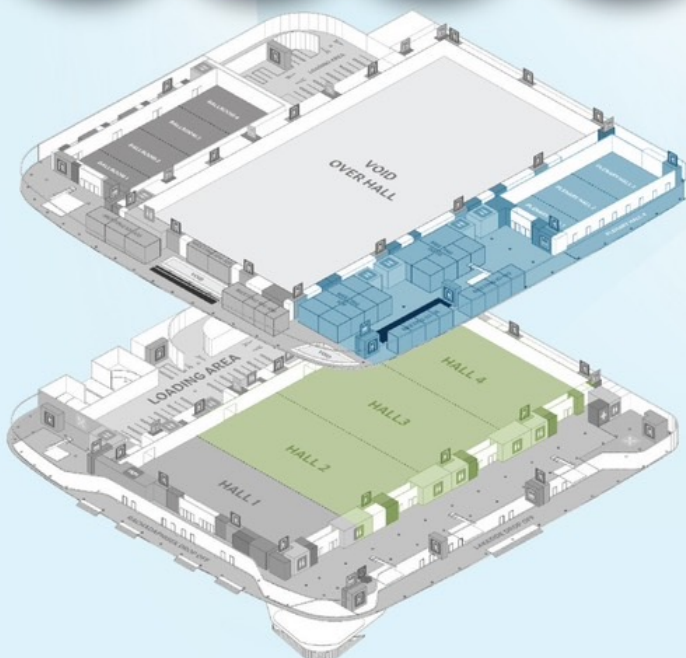

### Easy Access to QSNCC

- Located right in the heart of Bangkok CBD
- Close to nature with the view of lake and park next to the venue
- Easy to reach by QSNCC MRT subway
- Only 30 minutes from Suvarnabhumi International Airport
